

# Docmed

## Instructions

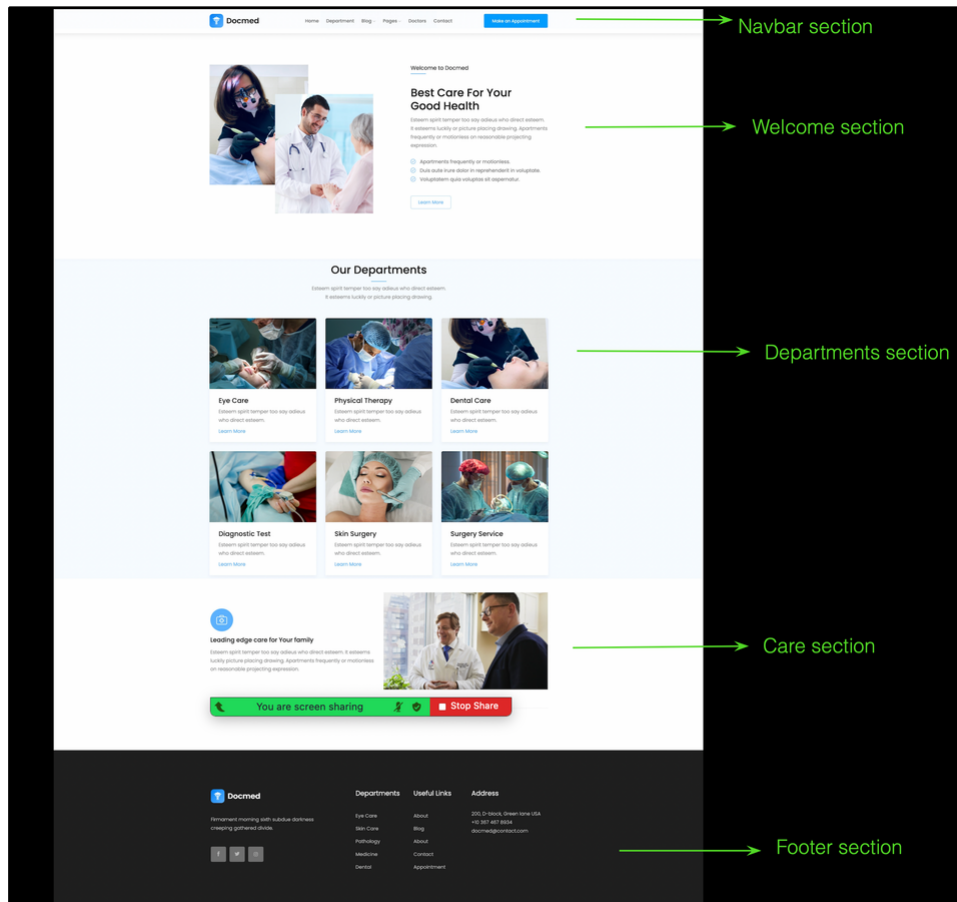

- Read entire question carefully for at-least 15 mins, understand it and then code it.
- Don't jump directly into code.
- Commit your code every hour with proper commit message to your repository (we will monitor every commit)
- Use HTML, CSS to solve this question.
- Make Good UI, use pure CSS, don't use any external libraries.

## Problem statement:

- This is the layout you need to build

- Above layout is divided in total of 5 sections as shown

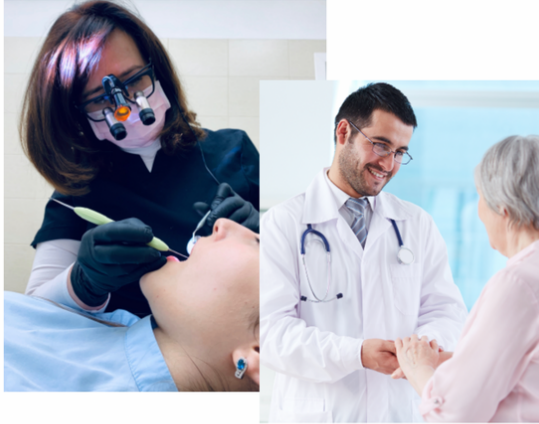

- You can visit this website for images - <https://preview.colorlib.com/#docmed>
- Images need not be same, you can use placeholder images or any random images.
- Your layout should be responsive as well.
- Layout for different screens are given below
- Use [fontawesome.com](https://fontawesome.com) for icons

## Navbar section:

- Large screen - Default
- For medium and small screens display hamburger menu.
- Navbar should be visible even if we scroll down the page (use positions).

## Welcome section:

- Large screen : Default
- Medium screen - refer to left side image below
- Small screen - refer to right side image below
