GitStar

Instructions

- Use JS to solve this assignment.

- Read entire question carefully for at-least 15 mins, understand it and then code it.

- Don't jump directly into code.

- Commit your code every hour with proper commit message to your repository (we will monitor every commit)

- Use HTML, CSS and JS DOM to solve this question.

- Make Good UI, use pure CSS, don't use any external libraries (good UI will fetch you extra marks)

Problem Statement:

- Use the given api to get top starred repos across various languages.

```
https://api.github.com/search/repositories?q=stars:%3E1+language:all
```

- API docs for reference -Link

- You need to have a Navbar of 4 category of languages

  - All

  - HTML

  - CSS

  - Javascript

- By default when page loads display repositories of All languages in descending order of their `stargazers_count` with the following data

  - Repository name

  - Language

  - Stars count

  - Forks count

- When user clicks on HTML, display repositories of only `HTML` in descending order of their `stargazers_count` with similar data as above

- Similarly for CSS and Javascript.

- Each page should have 10 cards.

- Add pagination.

- UI should look like below

- When clicking on any card, move to respective repository.

- Your App should be responsive as well

  - Large screens: 4 cards per row

  - Medium screens : 2 cards per row

  - Small screens : 1 card per row

- Use loading indicators while fetching data.

Submission

- Please submit deployed link and Github link of code.

- **Push your code into `masai-repo`, don't submit personal repo links.**

- Please double check if deployed version works or not (run deployed version on your laptop and then submit it).

- Any issues in deployed link, will be considered null and void.

- Please verify your submissions are correct.

- Make sure you follow all instructions carefully.

- Submit before deadline.

Rubrics / Criteria to be judged upon

- HTML, CSS, JS DOM.

- Promises, Fetch

- Pixel perfect UI.

- Code cleanliness and Git Hygiene.
